WORK EXPERIENCE

IT Project Manager
New York, NY | May 2017 - current

- Led the development of the redesign of Stripe Connect - a payment platform for software marketplaces
- Worked closely with the product management team to scope customer requested features and determine which features would provide the highest return on investment
- Created alignment with executive leadership on scheduling, budgeting, resource management, and cadence and style of progress reports
- Received the 2018 award for top project leader in the organization by ensuring on-time delivery through proactive identification and removal of development roadblocks

Project Manager
New York, NY | April 2015 - May 2017

- Simultaneously led two large scale projects with a collective budget of \$4M both of which were closed on time and under budget by \$225,000
- Worked closely with executive, engineering, marketing, product, and sales teams to define the scope of each project and the schedule of deliverables
- Using Scrum methodologies ensured that the software development team had the resources to meet deadlines and escalated roadblocks to management when necessary
- Implemented rigorous monitoring of new features to ensure they continued to meet KPIs after the projects were closed

Software Engineer
New York, NY | April 2014 - April 2015

- Built RESTful APIs that served data to our Javascript front-end based on dynamically chosen user inputs that handled over 500,000 concurrent users
- Built internal tool using NodeJS and Puppeteer.js to automate QA and monitoring of customer-facing web app which improved click through rate by 3%
